AF-111 5L3BI Baiyah Island –update

The wet season is in full force in Liberia this year. This makes any road travel tricky and potentially dangerous which in-turn has so far prevented Richmond EL2BG and Dickson EL2DT from making a 2nd recon trip to Baiyah island. The images shown depict current road conditions on the only road south to the small village opposite Baiyah island. See more on <https://dx-world.net/5l3bi-baiyah-island-af-111p-liberia/>
