DX NEWS

3C0W and 3C3W Annobon and Eq Guinea –update

MARCH 20 — Yesterday set new QSO record – 5748 QSOs a day. Over 39700 QSOs in the 3C0W log in total so far.

On Friday they will take down low band vertical, Spiderbeam and Folding antenna. Last night – Friday to Saturday they will be QRV on 40m and 30m bands.

On Saturday morning they will end the operation, pack remaining gear and fly back to Malabo. Flight home is on Tuesday. No more 3C3W activity is planned during the days in between.

Project FT/X and FT/W by Seb F5UFX

The sovereignty of France is recognized in many territories scattered around the globe: in the Pacific Ocean with Wallis and Futuna, Polynesia, New Caledonia and Clipperton; in the Atlantic Ocean with Saint-Pierre-et-Miquelon, Saint-Martin, Saint-Barthélemy, Guadeloupe, Martinique, and French Guiana. Finally, in the Indian Ocean with Mayotte, Réunion, the Scattered Islands, and the French Southern and Antarctic Territories.

For us hams, these names often evoke exoticism, an invitation to travel, but also and especially rare and sought-after contacts. The most populated areas, such as Réunion, the islands of the West Indies or New Caledonia for example, are characterized by a permanent radio amateur presence, ensuring daily contacts. For others like Saint Barthélemy or Wallis and Futuna, they are tourist destinations, not requiring a special authorization. These places are therefore regularly active during activities or expeditions conducted by passing radio amateurs. Finally, some territories require specific authorizations because their access is restricted, usually to protect their extremely sensitive ecosystems. This last category includes Clipperton, Europa, Juan de Nova, Tromelin, Glorioso, Crozet, Amsterdam, Kerguelen, and Terre Adélie. A contact with these entities is thus rather rare and extremely coveted.

T31T Kanton Island Expedition part 2

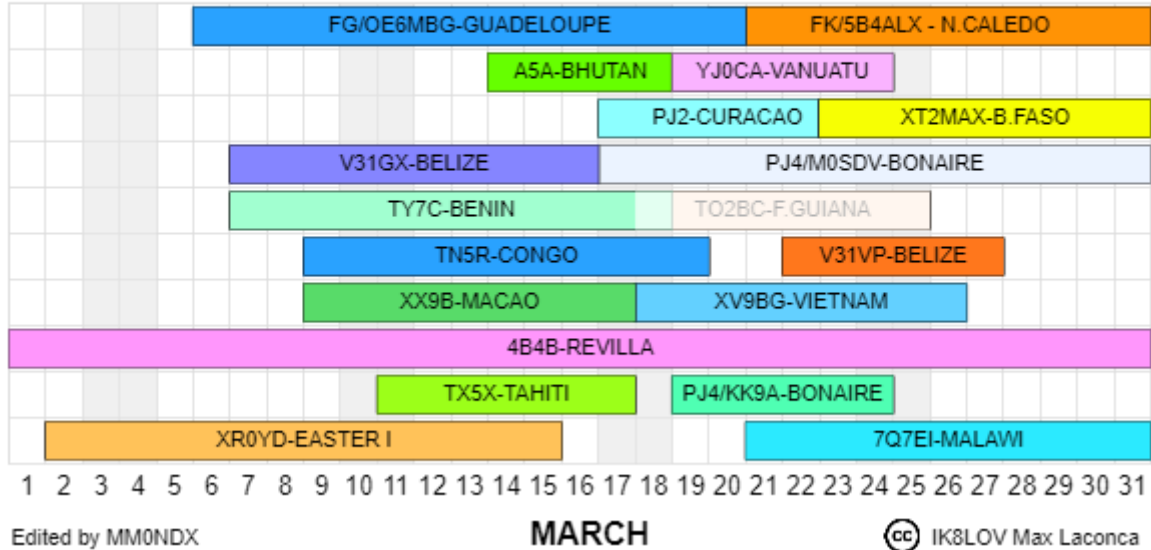

Following our DXpedition to Kanton Island (Central Kiribati) in 2016, we decided to come back to this extraordinary place this year – with a new plan and resources.

Next to a typically ham radio focused activity, we wish to connect our radio project with humanitarian aid mission addressed to the little, isolated community of Kanton Atoll. It's inhabited by as little as 24 persons and their needs are often forgotten by local authorities and rest of the world. <https://dx-world.net/t31t-kanton-island/>
