KH1/KH7Z Baker Island -update

The 2018 DXpedition to Baker Island is proud to announce that on 20 June around noon local time the team made an on time departure for Baker Island. We still plan on arriving on the 26th of June and immediately build the infrastructure for a safe and productive stay.

Please monitor our website for updates along the way. We plan to activate several (rare) grid squares along the way too.

We look forward to providing many ATNO contacts over the next few weeks. Links to our Garmin tracker and blog are available at <http://www.baker2018.net>

Thank you in advance for your support.

The Baker Island 2018 Team.

VP6D Ducie Island-update

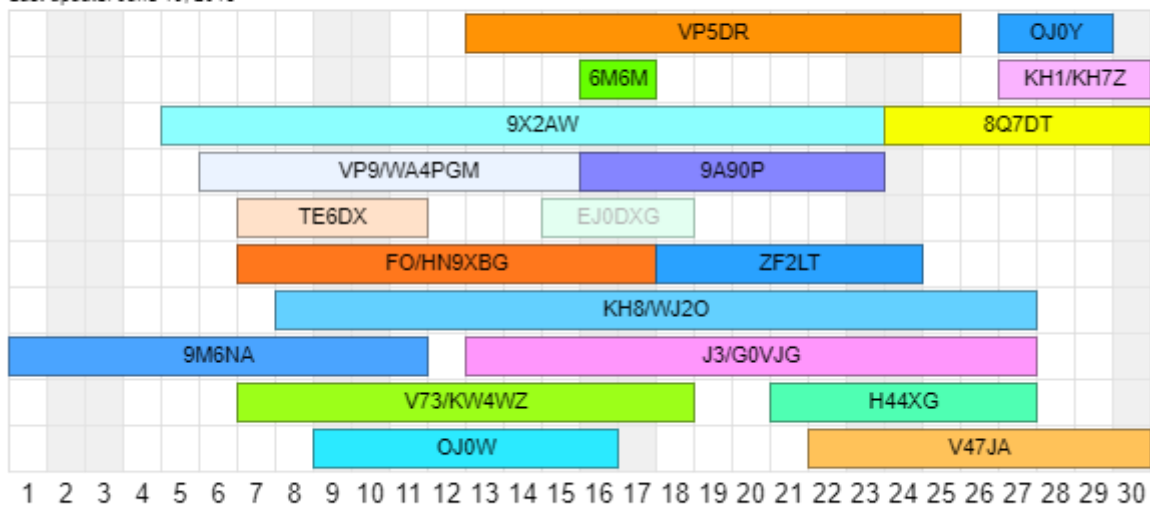

The VP6D – Ducie Island 2018 project is on schedule. At Visalia and Dayton we had the pleasure of meeting many of our supporters and equipment sponsors, including: DX Engineering, Elecraft, SteppIR and Arlan Communications (RadioSport headsets). Several of team attended Europe's Ham Radio event conducted at Friedrichshafen, Germany where we met with corporate, EU club and foundation sponsors, many EU DXers and other DX-pedition operators. <https://dx-world.net/vp6d-ducie-island-2018/>

ANNOUNCEMENTS

Announced DX

THE NEWCOMERS

E5, SOUTH COOK ISL Hans-Martin, DK2HM will be operating from Rarotonga as E51HMK during March 2019. Full info to follow later...

OJ0, MARKET REEF The 2018 youth team members will activate Market Reef between July 21 and July 28 and again from August 18 until August 25.

The Market Reef light house is located low-to-the-sea where waves are often rolling over the entire DXCC entity. With no jetty, landing can be hazardous with small zodiacs often being pushed hard by the sea. Life at the lighthouse is plain and simple with all participants sharing the daily duties. But pileups are never ending when the OJ0C callsign hits the airwaves.

<https://www.qrz.com/db/OJ0AM/>

The Finnish Lighthouse Society (FLS) and Amateur Radio League of Finland (SRAL) in conjunction with OH-DX-Foundation (OHDXF) and the DX University (DXU) are organizing a first-ever — INTERNATIONAL YOUTH AT SEA (IYAS) – cultural exchange based radio activity. This first-ever IYAS is observed by several international ham organizations and is a candidate for a permanent annual event.

<https://sral.info/2018/06/19/market-calling/>

The 2018 youth team members are Nuuti, OH1UBO, Elias, OH2EP, Otava, OH3OT, Mikael, OH3UAF, Pieter, ON3DI, Florian, OE3FTA and Ilie, YO3IMD, all 16 to 25 years of age.

These young operators will be participating in daily workshops of safety and survival at sea in the remote lighthouse. In addition, they will become familiar with the latest digital modes and most important, learning how operating the radio efficiently: Providing OJ0C contacts – and handling the thundering pileups – with a smile by following long-established guidelines as set forth in DXpeditioning Basics from the DXU. Their instructors are those Market veterans: Martti, OH2BH, Henri, OH3JR and Pasi, OH3WS. OJ0C QSL via OH3JR
