VP6D, Ducie Island -update

Congratulations to the Baker Island KH1/KH7Z team. Under extremely poor propagation conditions they put on a excellent DXpedition. They proved the value of FT8 DXpedition mode and gave many ATNOs to the deserving. A hearty WELL DONE to the Dateline DX Association.

The VP6D – Ducie Island 2018 project is on schedule. As you may recall, VP6D will use the same Elecraft equipment as KH1/KH7Z. On July 20th the Baker Island radio equipment was returned to Elecraft for inspection, testing and refurbishing. Members of the VP6D team will drive to California the first week of August to prepare the equipment for shipment. We will ship the equipment to New Zealand on about August 15th. Team member Jacky ZL3CW will transfer the shipment to Braveheart. <https://dx-world.net/vp6d-ducie-island-2018/>
