T30GC West Kiribati -correction

Stan, LZ1GC brought to my attention that I made a mistake concerning the dates, so here is the correction. (Thank you Stan!)

Stan LZ1GC, Mitko LZ3NY and Karel OK2WM will be operating as T30GC between October 7 and October 23. Activity from Tarawa Atoll (OC-017) from 160 to 10 meter using CW, SSB, RTTY. QSL via Club Log (preferred), LoTW or via LZ1GC direct or bureau. Full details on <http://c21gc.com/>

World Wide Digi DX Contest

The World Wide Radio Operators Foundation ("WWROF"), in collaboration with the Slovenia Contest Club ("SCC"), is pleased to announce the first annual World Wide Digi DX Contest ("WW Digi"). The new contest taps into the excitement being generated by the new digital modes pioneered by Joe Taylor K1JT and the WSJT-X development team. The contest will occur over 24 hours on August 31 and September 1, 2019 using the FT4 and FT8 modes on the 160, 80, 40, 20, 15, and 10-meter bands.

WW Digi will utilize a distance-based scoring system to measure operators' abilities in making DX contacts across the 6 HF amateur radio bands. Contacts will earn points based on the distance between grid square centers of the two stations. This will encourage operators to seek out long distance weak signal contacts that highlight the technical advantages of the new digital modes. <https://dx-world.net/world-wide-digi-dx-contest/>

CY9C St Paul Island -update

Just 29 days until CY9C lands on St. Paul Island. Hopefully, we are ready to challenge the propagation. Thanks to all who have supported us financially and will be attempting to work us. If you would like to donate for the upfront expenses, that would be very helpful and appreciated. For those who donate, we will AUTOMATICALLY send a QSL card (after confirming you are in the log). No further action on your part...the QSL will be on the way shortly after the Dxpediton. Also, we will be prompt as to uploading to LoTW. <https://cy9c.com/donate.html>
